

This sheet shows the courses that you could follow as part of your Key Stage 4 studies according to your recommended pathway.

Use it as a guide to consider your subject combinations. It is important that you have listened to, and followed, all the advice you have been given before you make your choices, as changes are very difficult to make once a course has been started.

Name:

Tutor group:

Guided Choices Pathway recommendation: **Open Options Pathway**

This means that you will study:

GCSE English Language

GCSE English Literature

GCSE Mathematics

GCSE Science (or Triple Science by separate recommendation letter)

**You must also select the following – 1 per column below:**

1 of the following: GCSE History, Geography, French or Spanish

3 further specialism subjects of your choice (2 if Triple Science is chosen following separate invitation)

| W                    | X                            | Y                        | Z                            |
|----------------------|------------------------------|--------------------------|------------------------------|
| Business             | Business                     | Design & Technology      | [Curriculum Access*]         |
| Drama                | Dance                        | Fine Art                 | Business                     |
| Fine Art             | Design & Technology          | French                   | Drama                        |
| GCSE PE**            | Food Preparation & Nutrition | Geography                | Fine Art                     |
| Geography            | French                       | History                  | Food Preparation & Nutrition |
| History              | Geography                    | Information Technologies | Geography                    |
| Media Studies        | History                      | Music                    | History                      |
| Religious Studies    | PE: Health & Fitness NCFE**  | Spanish                  | Media Studies                |
| Photography          | Computer Science             | Computer Science         | Spanish                      |
| Health & Social Care | Latin                        | Travel and Tourism       | Triple Science*              |

\*by recommendation letter.

\*\* GCSE PE and NCFE Health & Fitness courses discount each other and so only one of these courses can be selected by students.

**Please note:** expressing a preference for a subject does not guarantee a place on the course, it is an indication of the courses that you would like to follow for your studies at Key Stage 4.
