YOUR EXPECTATIONS DURING PPE AND GCSE EXAMINATIONS

- **JCQ regulation update 2024:**
- Candidates must not talk to , attempt to communicate with or disturb other candidates once they have entered the examination room. If they do, this must be reported to the relevant awarding body. This is also the case at the end of the examination.
- During the PPEs candidate/s names will be taken from their candidate card by a member of the invigilation team and shared with Head of Year 11.
- During a GCSE exam, the candidate/s names will be reported to the awarding body in the form of a Malpractice.

- **Candidates must not open their booklet before being instructed by an invigilator**

Students must not open the examination paper until instructed to do so by an invigilator. If this happens before instructed to do so, this will constitute a Malpractice and will be reported, during PPEs this will be reported to year 10 Head of Year and during GCSEs it will be reported to the awarding body.

- **Check the day, date, time, subject, unit/component and tier on the front of your question paper now. Put your hand up if you think you have been given the wrong question paper.**

The students must be aware that it is their responsibility to make sure they are not completing the wrong paper and to highlight this to an invigilator.

- ***Hand in their mobile phones and any other unauthorised items if they have not already done so. This is their final chance. Failure to do so must be reported to the relevant awarding body and may lead to disqualification. -***

• **Students must be advised that if they have seated and find they have their mobile phone or any other unauthorised material, such as watches (see unauthorised material poster on school website or JCQ.org.uk) on them or if their phone or any unauthorised material is on their person and seen or heard by an invigilator, then the phone or unauthorised material, will be confiscated and dealt with in the same way as a phone made visible during the school day .**

- A concise note will be written, and this will be shared with HOY who must advise the student of the importance of storing the mobile phone/unauthorised material turned off and in their school bag.
